2011 IADCCT Convention Class Options

As for the last few years, you will have a choice of classes. PLEASE rank the classes 1-6, using each number exactly once. Do not use X or any other symbol to rank any class. We will do everything possible to provide you your top three choices, but due to scheduling constraints, we are sometimes unable to do this. This is why we ask you to rank all the classes. This also provides us feedback on what classes are preferred by members, and we can use this to help plan for future years. Those who fail to follow these instructions make more work for the convention registrar.
